A Hog with A Hog...

For Available Bookings and Dates:

- **SPACE** - At least a 75' wide x 50' deep space for performance area and 53' semi unit. This DOES NOT include space for audience seating.
- Act will provide a secure barrier to keep the pigs separated from the public.
- Act will enclose the area around the performance space.
- If the act uses your stage, a ramp may be needed for animals to mount the stage. Act will work with Buyer on the exact dimensions.
- **POWER** - Two (2) 50-amp fused circuits. Can get by with one.
- **WATER** - Hook up for one hose to clean, potable water.
- **SANITATION** - Act will work with the Buyer to determine what works best. Options include Act transporting manure to proper disposal area in own wheelbarrow, a 55-gallon garbage can provided by the Buyer which is emptied daily by the Buyer, or a combination of both.
- There must also be a proper drain for water runoff that results from the animals being hosed off on a regular basis.
- Buyer will provide three (3) bags of wood shavings daily.
- Act to perform up to three (3) shows daily - scheduled at least one hour apart.
- **PHOTO CONCESSION** - Act offers instant photos with one of the pigs after the show and will keep all monies from this activity.
